2021 Center of Effort Il Due Red Wine

The 2021 Il Due Red Wine checks in as a mix of 75% Grenache Noir and 25% Syrah Noir. Ripe Bing cherry, mulberries, white pepper, and sandalwood are just some of its nuances, and it's medium-bodied, with good concentration, ripe yet building tannins, and a great finish. This aromatic, balanced, satisfying red blend will keep for at least 7-8 years, more likely over a decade.

These are by and large outstanding wines from Edna Valley's Center of Effort. The wines are made by Nathan Carlson, and they always play in the lighter, fresher end of the spectrum.
