Editors' Choice

Center of Effort 2024 ORO
BIANCO Chenin Blanc (Edna
Valley)

This bottling should make everyone question why there isn't more cool-climate Chenin Blanc on the Central Coast. This bottling is vibrant on the nose with a lime edge that cuts into lovely apricot and nectarine aromas, proving both pointed and broad. The palate is electric with acidity and titillating in texture, showing citrus pith and light stonefruit flavors.
